

NZNO Safe Staffing Strike 2025

I will only perform duties and shifts as per my roster. I will not accept:

- Reallocation to other areas.
- Changes to duties or shifts
- Any proposed roster amendments

NZNO: 0800 28 38 48

Follow this guide if you are willing to provide support for Life Preserving Services

1. Provide the Life Preserving Service, urgently if required.
2. Confirm that every effort was made by the district to find alternative solutions prior to requesting your assistance for the provision of LPS. Ask these questions - is the District:
 - a. Attempting to redeploy non-striking staff or utilising other providers.
 - b. Revising models of care and patient flow strategies including relocating or cohorting patients.
 - c. Ensuring full use of capacity in other districts.
 - d. Exploring alternative accommodation for inpatients or recovering patients.
 - e. Reducing services.
3. Once LPS support is completed, return to your rostered work area.

If you believe Te Whatu Ora management have not met their obligation to ensure that asking NZNO members to provide support for Life Preserving Services is their last available option please report this to NZNO via the QR code.
