

WE WANT TO LIVE IN A PLACE:

- In which prosperity for all is a core value, and in which the purpose of economic life and public services is to promote the health of people, families, communities, and the environment.
- In which the social and economic rights enshrined in the Universal Declaration of Human Rights are honoured and upheld.
- Where basic income is one of the essential pillars of social and economic security.

INSPIRATION

Canada already has basic income programs like the Canada Child Benefit. Let's work to complete a Canada where people have the financial security they need to live with dignity, pursue their dreams, and contribute to society in their own way.

Opportunity for All**

WHO WE ARE

Founded in November 2022, Lanark Basic Income Network (LBIN) is a group of citizens who promote basic income as an essential pillar for ensuring personal, family, and community resilience, boosting local economies, and building a more equitable society for all.

A basic income is an unconditional cash transfer from government to individuals to enable everyone to meet their basic needs, participate in society and live with dignity, regardless of work status.

OUR MISSION

Our mission is to advocate, within and beyond Lanark County, Ontario, for a Basic Income Guarantee in Canada, ensuring that people have financial stability and security to meet their basic needs and support their participation in society. We strive to educate and engage with communities, decision-makers, and stakeholders to help realize this future.

OUR FOCUS

- Increase public understanding of and support for basic income, through education and outreach initiatives.
- Build partnerships with like-minded organizations and stakeholders, to amplify our impact and drive progress towards our vision.
- Engage with policymakers, legislators, and stakeholders to secure a Basic Income Guarantee.
