

# Protect Migratory Birds

TO THE LEGISLATIVE ASSEMBLY OF ONTARIO:

**WHEREAS** an estimated 25 million birds in Canada die each year due to collisions with windows on buildings, including many migratory birds and bird species at risk;

**WHEREAS** materials to prevent the collision of birds into windows can proactively be incorporated into the designs of new buildings; and

**WHEREAS** the Canadian Standards Association has established a national standard for Bird Friendly Building Design which has been adopted by some municipalities;

**THEREFORE**, we the undersigned petition the Legislative Assembly of Ontario to incorporate the CSA 2019 Bird Friendly Building Design standard into the Ontario Building Code, requiring bird-friendly materials to be used in new residential and commercial building windows.

**Peggy Sattler**  
MPP London West
