

STOP THE EXPANSION OF GAS-FIRED POWER PLANTS

To the Legislative Assembly of Ontario:

WHEREAS there are clean alternatives including energy efficiency, wind, and solar power the province needs to get behind and support;

WHEREAS Ontarians expect their government to show leadership on the climate crisis and stopping the expansion of gas plants would be one step in that direction;

WHEREAS time is running out to make an impact on the climate crisis so Ford needs to act now;

THEREFORE WE THE UNDERSIGNED petition the Legislative Assembly of Ontario to call on the Ford government to stop the expansion of existing gas-fired power plants or the building of new gas plants and bring on line alternative power sources.
