

# Support Nurse to Patient Ratios

To the Legislative Assembly of Ontario:

**WHEREAS** understaffing is negatively impacting the quality of our public health-care system, causing longer wait times, unreliable access to care and unmanageable workloads;

**WHEREAS** understaffing causes burnout for nurses which is driving them out of the profession;

**WHEREAS** nurse staffing ratios will help restore our public health care and ensure quality care ;

**WHEREAS** nurse vacancies and burnout decreased in other jurisdictions following the implementation of ratios, and nurse retention improved.

**THEREFORE we, the undersigned, petition the Legislative Assembly of Ontario** to pass Bill 19, Patient-to-Nurse Ratios for Hospitals Act, 2025 and support Ontario’s public health care system.
