

# Hot Days, Cool Homes

To the Legislative Assembly of Ontario:

**WHEREAS** Ontario is seeing record-setting heatwaves across the province

**WHEREAS** there have been alarming reports of tenants being unable to install air conditioning units in their apartments

**WHEREAS** extreme heat is putting lives at risk; especially for seniors, low-income renters, and people with disabilities

**WHEREAS** we need maximum temperature regulations to protect renters

**WHEREAS** the Hot Days, Cool Homes Act, 2026 would cap apartment temperatures at 26C and require landlords to treat cooling as a vital service to their tenants

**Therefore we the undersigned**, petition the Legislative Assembly of Ontario to:

- Respect the health, safety and dignity of tenants by establishing a maximum temperature law for all rental units in Ontario
- Pass the Hot Days, Cool Homes Act, 2026
