

PAJES SERVICES TO GOVERNORS

At PaJeS we understand that good governance is an essential element in the success of our schools.

We offer a range of services to support governors in your important work.

WHATSAPP GROUPS

We have two governor WhatsApp groups; Chairs of Governors and Finance Governors.

These are used to disseminate important information and for governors to network, to share and to support each other.

To join the groups contact

caroline.garfinkel@pajes.org.uk

TERMLY WORKSHOPS

Each term we offer an evening of workshops to enhance governor knowledge, skills and understanding. These address current priorities in education, as well as topics from governor feedback to PaJeS.

You can view presentations from past workshops at

<https://www.pajes.org.uk/governor-training-and-support>

PUBLIC AFFAIRS

PaJeS engages with government and with Ofsted on issues facing Jewish schools. Through written media and briefings, we ensure that governing bodies are kept well informed about any interface with government.

BESPOKE SUPPORT

By request we may be able to support chairs to manage particular challenges. We can offer a conversation facilitated by experienced governors, for you and your headteacher together.

To find out more about this support contact susy.stone@pajes.org.uk

OTHER SOURCES OF GOVERNOR SUPPORT AND ADVICE

National Governance Association (NGA) www.nga.org.uk

Offers some free access and membership options

GovernorHub and The Key for School Governors

www.governorhub.com

A subscription service providing a range of resources and support
