

**WHITE  
LIVES  
MATTER**

For weeks we have seen 'Black Lives Matter' promoted by politicians, celebrities, multi-national companies and social media 'influencers'. In fact, the Black Lives Matter movement has been forced down the throats of the public at every opportunity.

We have seen police officers, the leaders of the Labour Party and numerous media-hacks choosing to 'take a knee' for this movement. What's more, the British public have even been told to come out of their homes and kneel on their doorsteps to show their support for Black Lives Matter. Why should anyone be forced to kneel to this group?

We are told that Black Lives Matter are seeking 'equality', but kneeling is not a sign of equality - kneeling is a sign of submission.

What makes this act of submission even worse, is that we are being asked to bow down to a violent, anti-white group. Black Lives Matter supporters have rioted, looted and attacked both the police and innocent bystanders in both the UK and America. Is this really a movement that we should be bowing and grovelling to?

But in an act of complete hypocrisy, the very same celebrities, 'influencers' and politicians who were all so willing and eager to shout 'Black Lives Matter', have come out to condemn anyone who has dared to say 'White Lives Matter'. Do they mean that white lives don't matter?

If you are sick of this racist, anti-white double standard, if you are sick of feeling like a second class citizen just because you are white - maybe you should think about meeting other like minded people. We believe that the indigenous people of these islands not only have the right to exist, but that they also have a right to be proud of who they are and have a right to celebrate the achievements of their ancestors!
