

NO AFGHAN MIGRANTS

Put BRITISH People FIRST!

-  Over 280,000 people are homeless in Britain
-  1.15 million families are on UK housing waiting lists
-  4.3 million children are living in poverty in the UK

CHARITY STARTS AT HOME!

Boris Johnson and the Conservative Government have pledged to open the floodgates and 'fast track' 25,000 Afghan 'refugees' through a special asylum arrangement and grant them residence in the UK. And that is just the tip of the iceberg! No doubt thousands more will attempt to enter the UK illegally or through the regular asylum system.

Yet one look at the images of these so-called 'asylum seekers' and you will see that the overwhelming majority are men of fighting age - not the elderly, not women and not children!

Hundreds of thousands of British people sleep homeless every night, over a million families sit on housing waiting lists and millions of British children live beneath the poverty line - yet the Conservative Government is giving priority to Afghans!

Britain spent over £37 billion on the war in Afghanistan - a war the British public did not want. Now the British public is being asked to pay again! All of these Afghan migrants will need houses, food, medical care and eventually many of them will seek long term residence in the UK and apply to bring their families here - all at the taxpayers' expense.

Britain has already experienced a record number of illegal channel crossings this year with well over ten thousand migrants making the journey - and they are just the ones we know about! This flood of migrants affects every aspect of our lives and further adds to problems of over population and the destruction of our precious countryside.

If you are sick and tired of the both the Conservatives and Labour giving priority treatment to migrants whilst British people suffer in silence, then why not get involved with an alternative political movement that seeks to put British people first?
