

PAT Substitute Educators!

Run to be a PAT Representative!

Did you know you have a separate contract from the one educators just voted to ratify? PAT Substitute Negotiations begin in February, and we know we will be able to settle a strong contract with YOU involved!

After seeing the great engagement of substitutes during the strike, we know we need a strong (and large) representative team to help support the Substitute Bargaining campaign and represent Substitute members.

We have chosen to reopen substitute rep elections, in order to allow additional substitutes to run and be elected as Substitute Representatives. You must be a PAT member to run as a substitute Representative. **Nominations are due Tuesday, January 16th, 2024.**

**If you already ran to be a Substitute Rep in the Rep Election in December, you do not need to run again, as you have already been elected to be a Substitute Rep.*
