FAQ on Measure 26-246 (1 sheet per member)

- Where: Distribute and share with all members at 10 minute meeting
- What: FYI for reasons to support the teachers levy on the ballot

What is Measure 26-246?

The Portland Teachers Tax Levy currently funds over 650 teaching positions a year in our Portland Public Schools. **IT IS NOT A NEW TAX.** Portland voters have supported a Teachers Levy since 2007. Measure 26-246 continues this local funding for another 5 years without raising your taxes.

> Preserves Over 650 Teaching Positions

Teachers are the heart of our schools. Renewal of the Levy will continue funding over 650 high quality teaching positions across the District. If not renewed, **20% of all teaching positions in Portland Public Schools are at risk of being cut.**

> Maintains Current Levy Tax Rate – 0% Increase

Measure 26-246 keeps this tax at the same level. Taxpayers would continue paying the same local option tax rate of \$1.99 per \$1,000 assessed value they have paid since 2007.
