Members should reach out to the Campaign Action Team Site organizer when they want to help build a strong, informed and organized union. There is enough room for everyone in the movement! If they do not have an answer for where your gifts and availability fit into PAT, they can reach out to their CAT Zone Lead or Executive Board Liaison for more info!

I have some thoughts and questions...

Q: IDK, the union used to...

A: Post 2020 world is different. Unions are actively organizing, and pivoting to fight for the conditions we need to have strong contracts. Join the fight.

Q: I'm just too overworked for any of this, is it worth the effort?

A: Keeping you too overworked to fight for what you and your students need and deserve is by design. Why else would they cut classroom educators and TOSAs? We have seen it with UPS and other unions: When we fight, we win.

Q: We went on strike, but what changed?

A: We won a lot of changes in our contract after our 15 day strike. Now is the work of enforcing the contract language and organizing with community to fight for fully funded schools.

Q: Wait?!? WHAT?!? But can't I just email ...

A: Your Site Rep or your CAT lead - YES!

Q: How do I get their info?

A: Go to the weekly 10 minute union meeting at the beginning or end of your staff meetings, ask a friend, check your staff room PAT bulletin board.

Q: But what if I have a problem with them?

A: Email the other rep or CAT member in your building.

Q: But what if there is only 1 rep in my building?

A: Email your zone liaison; Their contact information was shared with your reps.

Q: But who is my zone liaison!?!?!?

A: You can email the entire Executive Board at executive-board-24-25@googlegroups.com
