## Critical analysis...and then what?

Meet educators who are exercising their academic freedom to address racist content in the Wit & Wisdom curriculum. We'll spend the first 45 minutes surfacing the obvious and not so obvious issues. After a lunch break, we'll get into how to navigate this complicated curriculum in a culturally responsive manner while still meeting PPS requirements. You'll leave with concrete options and a plan for continuing this effort in a sustainable way. Bring a grade level colleague!
