APPENDIX D

TABLE G

Injuries that would fall within the proposed Small Claims Track limit rise to £5,000

Judicial College Guidelines 13th Edition (2015)

| | Judicial College Guidelines 13 th Edition (2015) | | | | |
|----------------|---|-------------------------|--|--|--|
| Chapter | Injury | Value (with 10% uplift) | | | |
| 1(D) | Immediate Unconsciousness/Death within one week: | £1,160 to | | | |
| | Immediate unconsciousness, or unconsciousness | £2,340 | | | |
| | following very shortly after injury, and death occurring | | | | |
| | within a week | | | | |
| 1(E) | Mental Anguish: | £3,910 | | | |
| | Fear of impending death/reduction in expectation of life. | | | | |
| | For the parent of young children suffering such mental | | | | |
| | anguish for a period of around 3 months. | | | | |
| 2(A)(e) | Minor Brain or Head Injury: | £1,840 to | | | |
| | In these cases brain damage, if any, will have been | £10,870 | | | |
| | minimal. | | | | |
| | The level of the award will be affected by the following | | | | |
| | considerations: | | | | |
| | the severity of the initial injury; | | | | |
| | • the period taken to recover from any symptoms; | | | | |
| | the extent of continuing symptoms; | | | | |
| | • the presence or absence of headaches. | | | | |
| | The bottom of the bracket will reflect full recovery | | | | |
| | within a few weeks. | | | | |
| 4(A)(d) | Psychiatric Damage: Minor | £1,290 to | | | |
| | The level of the award will take into consideration the | £4,900 | | | |
| | length of the period of disability and the extent to which | | | | |
| | daily activities and sleep were affected. Cases falling | | | | |
| | short of a specific phobia or disorder such as travel | | | | |
| | anxiety when associated with minor physical symptoms | | | | |
| | may be found in the Minor Injuries chapter. | | | | |
| 4(B)(d) | PTSD: Less severe | £3,300 to | | | |
| | In these cases a virtually full recovery will have been | £6,850 | | | |
| | made within one to two years and only minor symptoms | | | | |
| | will persist over any longer period. | | | | |
| 5(A)(h) | Minor Eye Injuries: | £3,300 to | | | |
| | In this bracket fall cases of minor injuries, such as being | £7,320 | | | |
| | struck in the eye, exposure to fumes including smoke, or | | | | |
| | being splashed by liquids, causing initial pain and some | | | | |
| | temporary interference with vision. | | | | |
| 5(A)(i) | Transient Eye Injuries: | £1,840 to | | | |
| | In these cases the injured person will have recovered | £3,300 | | | |
| | completely in a few weeks. | | | | |
| 5(B)(d) | Slight NIHL without tinnitus or slight tinnitus | Up to | | | |
| (v) | without NIHL | £5,860 | | | |

| 6(A)(a) | Toxic fume/smoke inhalation, leaving some residual | £4,460 to |
|-------------------------------|---|--|
| 6(A)(e) | | £10,530 |
| | damage, not serious enough to interfere permanently with lung function. | 110,330 |
| 6(A)(f) | Injuries leading to collapsed lungs from which a full and | £1,840 to |
| U(A)(1) | uncomplicated recovery is made. | £4,460 |
| 6(A)(g) | Fractures of ribs or soft tissue injuries causing serious | Up to |
| U(A)(g) | pain and disability over a period of weeks only. | £3,300 |
| 6(R)(a) | Provisional awards for lung disease where the | £4,460 to |
| 6(B)(g) | provisional award excludes any risk of malignancy, the | £15,130 |
| | extent of anxiety being a factor. | 213,130 |
| 6(B)(h) | Temporary aggravation of bronchitis or other chest | £1,840 to |
| U(D)(II) | problems resolving within a very few months. | £4,460 |
| 6(D)(e) | Mild asthma, bronchitis, colds and chest problems | Up to |
| U(D)(C) | (usually resulting from unfit housing or similar exposure, | £4,290 |
| | particularly in cases of young children) treated by a | 27,270 |
| | general practitioner and resolving within a few months. | |
| 6(F)(f) | Where delay in diagnosing Ectopic Pregnancy but | £2,750 to |
| 0(-)(-) | fertility not affected. Award dependant on extent of pain, | £16,500 |
| | suffering, bleeding, whether blood transfusion required, | , |
| | anxiety and adjustment disorder and whether there is | |
| | resultant removal of one or fallopian tubes. | |
| 6(G)(b) | Digestive system: | £770 to |
| | Food poisoning causing significant cramps, alteration of | £7,980 |
| | bowel function, fatigue, hospital admission, recovery | |
| | within a year or two | |
| 6(L)(c) | Hernia: | £2,830 to |
| | Uncomplicated indirect inguinal hernia, possibly | £6,050 |
| | repaired, and with no other associated abdominal injury | |
| | or damage. | |
| 7(A)(c) | Neck: Minor | A forr |
| | | A few |
| | Soft tissue injuries with recovery up to two years. Also | hundred |
| | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries | hundred pounds to |
| 7(D)(a) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. | hundred pounds to £6,600 |
| 7(B)(c) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor | hundred pounds to £6,600 A few |
| 7(B)(c) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries | hundred pounds to £6,600 A few hundred |
| 7(B)(c) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also | hundred pounds to £6,600 A few hundred pounds to |
| 7(B)(c) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less | hundred pounds to £6,600 A few hundred |
| | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. | hundred pounds to £6,600 A few hundred pounds to £6,600 |
| 7(B)(c) 7(C)(d) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor | hundred pounds to £6,600 A few hundred pounds to £6,600 A few |
| | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor Soft tissue injury to shoulder with considerable pain but | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred |
| | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred pounds to £0,600 |
| 7(C)(d) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor Soft tissue injury to shoulder with considerable pain but | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred pounds to £6,600 |
| | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor Soft tissue injury to shoulder with considerable pain but almost complete recovery in less than two years | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred pounds to £0,600 |
| 7(C)(d) 7(C)(e) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor Soft tissue injury to shoulder with considerable pain but almost complete recovery in less than two years Fracture of Clavicle | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred pounds to £6,600 £4,290 to £10,230 |
| 7(C)(d) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor Soft tissue injury to shoulder with considerable pain but almost complete recovery in less than two years | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred pounds to £6,600 £6,600 £4,290 to |
| 7(C)(d) 7(C)(e) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor Soft tissue injury to shoulder with considerable pain but almost complete recovery in less than two years Fracture of Clavicle Hip: Lesser injuries | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred pounds to £6,600 £4,290 to £10,230 Up to |
| 7(C)(d) 7(C)(e) 7(D)(c) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor Soft tissue injury to shoulder with considerable pain but almost complete recovery in less than two years Fracture of Clavicle Hip: Lesser injuries Cases where despite significant injury there is little or no | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred pounds to £6,600 £4,290 to £10,230 Up to |
| 7(C)(d) 7(C)(e) | Soft tissue injuries with recovery up to two years. Also for short-term acceleration and/or exacerbation injuries up to two years. Back: Minor Strains, sprains, disc prolapses and soft tissue injuries with full recovery without surgery by two years. Also short-term acceleration and/or exacerbation injuries less than two years. Shoulder: Minor Soft tissue injury to shoulder with considerable pain but almost complete recovery in less than two years Fracture of Clavicle Hip: Lesser injuries Cases where despite significant injury there is little or no residual disability or complete recovery. | hundred pounds to £6,600 A few hundred pounds to £6,600 A few hundred pounds to £6,600 £4,290 to £10,230 Up to £10,530 |

| | or handage for a metter of weeks and a full or virtual | |
|-------------------|---|-------------------|
| | or bandage for a matter of weeks and a full or virtual | |
| 7(1)(a) | recovery within up to 12 months or so. | £4.510.to |
| 7(I)(g) | Hand: Moderate and mild injuries Crush injuries, penetrating wounds, soft tissue type and | £4,510 to £11,110 |
| | | 211,110 |
| | deep lacerations. The top of the bracket would be | |
| | appropriate where surgery has failed and permanent | |
| | disability remains. The bottom of the bracket would be | |
| 7(I)(a) | appropriate for permanent but non-intrusive symptoms. | £3,300 to |
| 7(I)(o) | Finger: Loss of Terminal Phalanx of Ring or Middle | £6,600 |
| 7(I)(a) | Fingers Finger: Loss of Part of the Little Finger | £3,300 to |
| 7(I)(q) | ringer. Loss of Fart of the Little ringer | £4,900 |
| 7(I)(t) | Fracture of One Finger | Up to |
| /(1)(1) | Tracture of One Finger | £3,960 |
| 7(I)(v) | Thumb: | Up to |
| 7(I)(y), (x), (z) | Severe dislocation; fracture with recovery within 6 | £5,670 |
| (A), (L) | months or with residual stiffness/some discomfort | 25,070 |
| 7(J)(d) | Vibration White Finger: minor | £2,500 to |
| /(v)(u) | vibration vinte ringer, minor | £7,230 |
| 7(K)(d) | Upper Limb Disorders: minor | £1,840 to |
| /(11)(u) | opper Elino Disorders. Ininor | £2,940 |
| 7(L)(b) | Knee: Moderate Injury | Up to |
| (ii) | Recovery complete or almost complete | £5,120 |
| 7(M)(d) | Ankle: Modest injuries | Up to |
| 7 (212)(42) | Recovery complete without any ongoing symptoms or | £6,440 |
| | scarring | 30,110 |
| 7(P)(g) | Foot: Modest Injuries | Up to |
| (/(8/ | Straightforward foot injuries such as fractures, | £5,860 |
| | lacerations, contusions etc from which complete or near | |
| | complete recovery is made. | |
| 7(Q)(e) | Toe: Moderate Injuries | Up to |
| (-/ (/ | Straightforward fractures or crushing/soft tissue injuries | £4,680 |
| | of one or more toes with complete resolution or near | |
| | complete resolution. | |
| 9(A)(c) | Nose: | £1,430 to |
| | Fractures including displaced fracture with recovery only | £4,260 |
| | after surgery | |
| 9(A)(d) | Cheekbone: | £1,950 to |
| | Fracture including where some reconstruction surgery is | £5,390 |
| | necessary but there is complete recovery with no or only | |
| | minimal cosmetic effects | |
| 9(A)(f) | Teeth: | £910 to |
| | Loss of or damage to up to two front teeth | £6,380 |
| 9(B)(a) | Facial disfigurement: Less Significant Scarring | £3,300 to |
| (iv) | (Female) | £11,500 |
| | In these cases there may be but one scar which can be | |
| | camouflaged or, though there are a number of very small | |
| | scars, the overall effect is to mar but not markedly to | |
| | affect the appearance and the reaction is no more than | |

| | that of an ordinarily sensitive young woman. | |
|-----------------|---|---|
| 9(B)(b) (iv) | Facial disfigurement: Less Significant Scarring (Male) Such scarring is not particularly prominent except on | £3,300 to £7,620 |
| | close inspection | |
| 10 | Scarring to other parts of the body: A single noticeable scar, or several superficial scars, of leg(s) or arm(s) or hand(s), with some minor cosmetic | £1,980 to £6,550 |
| 11(b) | Hair: Damage to hair in consequence of defective permanent waving, tinting or the like, where the effects are dermatitis or tingling or 'burning' of the scalp causing dry, brittle hair, which breaks off and/or falls out, leading to distress, depression, embarrassment and loss of confidence, and inhibiting social life. Also, cases where hair has been pulled out leaving bald patches. The level of the award will depend on the length of time taken before regrowth occurs. | £3,300 to £6,130 |
| 12(c) | Dermatitis: Itching, irritation of and/or rashes on one or both hands, but resolving within a few months with treatment. | £1,430 to £3,300 |
| 13 | Minor Injuries: With recovery from seven days to within three months | A few hundred pounds to £2,050 |
