

# PHARMA GREED KILLS

**Picket, Rally & March**

**Sunday, March 3 from 11 AM - 1 PM**

**Pfizer Headquarters**

235 E. 42nd St., corner 2nd Ave.

New York, NY 10017

Join with nurses, doctors, medical students, and consumers to call-out drug company greed, price-gouging, and profiteering that's blocking our access to necessary meds. Challenge moves by corporate giants to stop guaranteed health care for all (single payer) from moving forward in Congress and the New York State Legislature.

[www.nyhcampaign.org](http://www.nyhcampaign.org)

 The drug industry is among the most profitable in the world, far more so than most Fortune 500 sectors.

 Drug companies charge prices far higher in the U.S. than anywhere else in the world, even though they make good profits on their products everywhere.

 At the start of 2019, drug companies raised their prices by 6.3% on average. Pfizer alone raise the prices of more than 40 drugs.

 Meanwhile, many patients go without or limit the medicines they need because they can't afford them, and people suffer with continued illness and some even die.

 Drug companies rip-off patients in the U.S. because they can, because our government refuses to stop their profiteering and price gouging. The industry buys our government through huge election campaign donations, and hires legions of lobbyists to shape and block legislation. The industry deploys 3 lobbyists for every one member of Congress.

 #BigPharma has joined forces with their allies in #BigInsurance and #BigMedicine to oppose moves toward a single-payer universal health care program so that they all can maintain their joint dominance over our healthcare system to protect and increase their profits.

We urgently need the New York State Legislature to pass the **New York Health Act** (sponsored by Assemblymember Richard Gottfried & Sen. Gustavo Rivera) and the U.S. Congress to pass the **Medicare for All Act** (sponsored by Rep. Pramila Jayapal and Sen. Bernie Sanders). #PassNYHealth #MedicareForAll

Hosted by the Picket the Profiteers
