Lanark–Frontenac–Kingston

Lies, Damned Lies, and Politicians

03 March 2022

(PERTH) - For the past fifteen years, I have been honoured and proud to have served as the elected representative for the good people of Lanark–Frontenac–Kingston in the Ontario Legislative Assembly. Through four provincial elections, I received the confidence of a substantial plurality of the electorate, advancing the principles of individual liberty and personal responsibility that are foundational to the traditional values of rural Ontario.

Prior to seeking elected office, I entered public life by establishing the Lanark/Ontario Landowners Association, serving as the first president of the grassroots organization. These impassioned citizens earned public support through displays of high-profile political activism and demonstrations. For decades, rural Ontario residents have been increasingly burdened by government interference in our lives, and I have always sought to champion these important issues for regular people continuously ignored by politicians and bureaucrats.

Partisan politics has devolved into a cult of followers. Instead of providing genuine leadership for the commonwealth of people, our governments are increasingly destructive to the interests of many, while catering to the special interest of an elite few. Our public institutions no longer serve the people, and we willingly relinquish our representative democracy for permanent stakeholder control. This corrupt distortion of our once prosperous country is unsustainable, and cannot be corrected without external pressure from a more knowledgeable and engaged public.

I have done everything in my power to inform the public of these creeping dangers, and to shift the dialogue toward re-asserting our freedoms and preserving our prosperous way of life. I am very grateful for all of the amazing supporters, volunteers, and friends that have accompanied me on this long journey.

I will be returning to my traditional roots of grassroots activism. The Canadian people are awakening, continuing to unite in our effort to repair the fabric of our nation, and to secure a free and prosperous future for my 7 grandchildren and all Canadians.

I am especially grateful to the people of Lanark-Frontenac-Kingston for their overwhelming support for my representation over these years, however I am announcing today that I will not be seeking re-election in the coming provincial election, and I look forward to opening this new chapter in my life.
