

InnovAtion for ImpAct

## WHAT WE DO

### INCUBATE

5-month comprehensive and robust incubator program designed for local Black entrepreneurs to turn their business ideas into thriving enterprises. Achieving over 95% success rate contributing to the economic empowerment and diversity within the local small business ecosystem.

### ACCELERATE

Accelerator Program empowers Black entrepreneurs with year-round support to grow and scale their businesses. It offers expert mentoring, workshops, and networking, helping participants develop go-to-market strategies and build a strong foundation to scale.

### Y.E.S

The Youth Entrepreneurship Summer (YES) Program is a 8-week intensive designed to help young entrepreneurs validate their business ideas and create a minimum viable product (MVP). Gaining hands-on experience through workshops, mentoring, and practical exercises.

## We are the future of your business

Chnge Mker Innovation Hub exists to demystify entrepreneurship and create an inclusive, supportive space where aspiring founders — particularly those from underserved communities — can thrive. Through a holistic approach that blends business training, mindset coaching, mental health and wellness support, and sector-specific connections, we equip entrepreneurs with the tools they need to launch, grow, and sustain purpose-driven businesses.

Founded to empower Black entrepreneurs in particular, CMIH helps founders tap into their strengths, align their ventures with their values, and build businesses that create both economic opportunity and community impact.
