CLEANING UP POLITICS • MODERNISING OUR DEMOCRACY COMBATting CORRUPTION • SHAPING A BRIGHTER FUTURE

Dear Voter

The urgency of our situation weighs heavily on my mind. It's a situation that has been shaped by years of neglect, where the needs of our community took a back seat under an MP and political party indifferent to the needs of people.

I write to you not just as a candidate but as a member of the Bedfordshire community and a long-time worker in the constituency. I have lived in Bedfordshire for over 32 years and worked in the constituency for over 30 years, including 9 years as a trustee and director of family and youth focussed charities, serving members of the constituency in many and varied ways such as hostels for the homeless, family and children's centres, support for victims of domestic abuse and sexual violence and counselling services.

Having spent a significant part of my life in the car industry, working to improve business performance through clear strategies and solutions, there are skills and experience that I can bring to being your local MP and solving local problems.

In 2014, I made the choice to retire early to care for my two young children and my adult daughter, who courageously battled through seven years of cancer treatment. These challenging moments have taught me the values of compassion, resilience, and the importance of putting others before ourselves. I entered politics not out of personal ambition, but out of a deep-seated desire to see positive change in our community and country.

I am proud to stand as a candidate for the True & Fair Party in the upcoming Mid Bedfordshire By-Election. True & Fair's core principles are rooted in cleaning up politics, modernising democracy, and fighting corruption. These values are not just words on paper; they are the very foundation of our mission to bring common sense and compassion back into politics.

Your voice and vote are needed to shape a better future for Mid Bedfordshire.

With my dedication, experience, and unwavering commitment to our community, I am ready to represent your best interests in Westminster. But I can't do it without your support.

Together, we can build a brighter future for Mid Bedfordshire by:

- 1. Balancing infrastructure and services such as GPs and dentists with housing development**
- 2. Stopping East West Rail if the business case cannot ensure concrete benefits to existing residents without massive over-development**
- 3. Properly funding education, family, and youth services to nurture the people who will provide the basis for our future prosperity.**

It would be an honour and privilege to serve and represent you and our incredible community as MP for Mid Bedfordshire.

Warmest regards,

Alan Victor
