

SUPPORT THE CRAFT BEVERAGE MODERNIZATION AND TAX REFORM ACT

The **historic federal excise tax cut** for distillers, brewers, vintners and cider makers passed at the end of 2017 is set to **expire at the end of this year.**

THE TWO-YEAR VERSION OF THE CRAFT BEVERAGE MODERNIZATION AND TAX REFORM ACT:

- Established a reduced rate of **\$2.70 per proof gallon for the first 100,000 gallons** of distilled spirits produced or imported annually, and a rate of **\$13.34 per proof gallon for the next 22,130,000 gallons annually.**
- Maintained the previous rate of **\$13.50 per proof gallon** for additional production.

Distillers are **using the tax savings to reinvest in their businesses and local communities-** hiring more employees, investing in new equipment and boosting their agricultural and packaging suppliers.

It's crucial that the tax cuts are made permanent to ensure this growth continues.

Please support a **permanent reduction in the FET** and co-sponsor the ***Craft Beverage Modernization and Tax Reform Act of 2019 (S.362 and H.R. 1175).***
