UNDERSTANDING THE ICE FACTOR

COMMUNITY FORUM

Sam Duluk MP invites you to this important Community Event.

When: Tuesday, 12 April 2016, 7:00pm

Where: Blackwood High School Performing Arts Centre

Speaker: Professor Ann Roche
Director of the National Centre for Education
and Training on Addiction, Flinders University

RSVP: Ph: 8278 5844 or
E: davenport@parliament.sa.gov.au

Too many Australians – especially young Australians – are harming themselves and others through the use of ice. It can lead to family breakdown, financial distress, involvement in crime, unemployment and homelessness.

This Community Forum aims to help increase local awareness of the use of ice; its impact; and support services for addicts and their families.

Special guest speaker **Professor Ann Roche**, will be joined by representatives from **SAPOL** and the local **Family Drug Support** group.

I strongly encourage you (and your children) to attend to help develop your understanding of this insidious drug and how we can respond as a community.

Numbers are limited so **please RSVP** at your earliest convenience.
