November 2025

Dear Friend:

We at the Santa Barbara County Action Network are grateful for your commitment to environmental, economic, and social justice through your engagement with our organization. Whether you have acted on issues promoted by our action alerts, let us know of local issues or events of interest, or donated to SBCAN, **thank you**.

In 2025, **your support** helped us advocate for more sustainable and affordable growth for our communities, urge local governing bodies to protect our environment, and ensure that our workforce is represented. See the attached newsletter for more of our 2025 victories.

SBCAN strengthened our relationships with our elected officials, coalitions, and countywide residents. We created our first Advisory Council, composed of former local elected officials, activists and watchdogs to help give new energy to our efforts.

With our collective power, our goal is to expand our team in 2026 so we can monitor local issues more boldly, amplify vital information to our communities, and drive forward real, community-led solutions that advance social justice for every resident.

We hope you will help us continue to do this important work through 2026 with a donation now. As you know, SBCAN relies on the active participation and support of people throughout the county who share our mission. Given the national climate, we need your help more than ever to stay current with recurring and emerging issues.

We hope you will make a contribution at whatever level works best for you. As a 501(c)(3) organization, all donations to SBCAN are tax deductible to the extent allowable by law.

To make a donation, visit our website <https://www.sbcان.org/donations> or use the QR code in our attached newsletter. If you prefer to send us a check, send it to SBCAN, P.O. Box 6174, Santa Maria, CA 93456-6174. Please also consider making a gift in your will or trust to Santa Barbara County Action Network.

Your contribution entitles you to a membership. If you prefer not to become a member, let us know.

Thank you for standing firmly with us in the fight for equity and justice!

Sincerely,

Jeanne Sparks, Co-Executive Director

Ken Hough, Co-Executive Director
