Getting to Know You

This next section will give you the opportunity to provide details about who you are as a person, candidate, and member of the community.

Tell us about yourself.

I am a UN expert. I wrote the first book in the USA on the subject of the United Nation's Sustainable Development Agenda 21(-50). The title of that first book is "The Perils of Sustainable Development" and was published in 2012. It was written for elected officials as a quick and easy read that would give them a comprehensive understanding of what it was, and what it would do to this nation if it wasn't stopped. In 2022, I wrote the follow-up book to that called, "4-4-4, 'A Republic Ma'am...If you can keep it!" that is a solution to the current state of the nation that is Biblical, Constitutional, strategic according to Sun Tzu strategies, and peaceful.

How did I get to the point of being a UN expert when I was/am a professional horse trainer and breeder that has owned a 40 acre horse farm in Stevens County since 2003? It started in college, where I went for 6 years, studying engineering, wildlife biology, and macro Sociology with special focus on the world's governance and our government structures as well as intense research into the Holocaust and the false

science of Eugenics. I knew from my education in Sociology that if I ever saw anything start up like it did in World War II, that I had better drop everything I was doing and go to work wholeheartedly to put a stop to it, as fascism, communism, and socialism only need a small spark to start a huge flame.

In 2006 I saw that spark of fascism begin in the USA with the introduction of the National Animal Identification System(NAIS). So I instantly put my horse business on the back burner and went to work full time to stop NAIS. I lead the anti-NAIS effort locally, in the State, and in the nation, being the first to organize 3 public protests about it in the nation. I formed a large group and went to work at the national level in posting my research and info all over and helping others to organize in their areas against it. It took 3 years, but it officially ended in 2009. In that time, I had started running into all the information that linked that fascist system to the United Nations and continued to hold public meeting on my findings, and organized a group against the United Nations that would meet monthly as well, and also began writing a weekly column for the local "Huckleberry Press" on my research updates to inform our entire region.

I since, wrote the first about it, started and lead the Stevens County Property(and water/mineral) Rights Group and lead that successfully for 5 years. In that time I ran for County Commissioner twice and the Senate Appointee position.

I was then recruited as the second in command of the Liberty State movement and ran that successfully for three years and also worked in Olympia as a Legislative Assistant.

Since, I have co-hosted a radio show for 4 years.

List any relevant experience, leadership, or service.

-I started and lead the local,state, and national anti-NAIS effort from 2006-2009.

-I started and lead an anti-UN group from 2007-2018.

-I wrote the first book in the nation on the UN Sustainable Development Agenda 21(-50)

-I started and successfully lead the first Stevens County Property(property, water, and mineral) Rights Group from 2013-2018.

-I saved Stevens County residents from multiple unconstitutional attempts at private property attacks and saved them from the Voluntary Stewardship Program that would have stolen their property rights via signed contract. Spokane County heard about what I did, and asked if they could adopt the County Resolution I got passed, and I said "YES!" and so they were able to get my resolution passed as well, saving Spokane County residents from the same terrible UN program. Other Counties in the State found out about what I did, and asked to be able to adopt my resolution as well, but none of the other Counties were able to get the Resolution passed in their Counties. But at least I save Stevens and Spokane County from it because of my efforts.

-I was then recruited to the Liberty State movement as second in command because of my history of being a successful community organizer and leader that was able to win against the Communist programs happening in WA State. So I was the primary organizer in that movement for it's first three years and it did well until I quit in 2019.

-I also worked in that time as a Legislative Assistant in Olympia.
 -I started a podcast called "The Political Church" and ran that with a dedicated audience for one year until my husband and I were asked to do a radio show together by the American Christian Network(ACN) that broadcasts out of Spokane. So my husband and I started a radio show called "The Morning Commute with JJS and Lady Liberty" where we broadcast in Spokane on 96.5fm M-F at 7am and ran that show for 4 years until now. The focus of that show was "The Word of the Day from Scripture" and "The truth in the news from a Biblical perspective." I titled the themes of each day:
 -Monochromatic Monday- where the Truth of God is black and white
 --Trump Tuesday, giving credit to our legally elected President in the 2020 election
 -Wifflebat Wednesday- where we would "verbally wifflebat" all the latest Communist-based woke agenda
 -Thrash-a-Commie Thursday
 -Fired-up Friday
 In the past 18 years, I have also run for County Commissioner twice, and for the Senate Appointee position.
 I also stood against the Dept. of Ecology who threatened to take my whole horse farm because my horses could drink from my creek, and I WON. I am one of only two people in WA that have gone up against DoE and WON.
 In 2008, I was a Republican State Delegate that helped write the Republican Party Platform subject on their policy toward the United Nations.
 In 2020, I was the official Trump Team Leader here.

Describe your duty to the office you are running for and how you will achieve success.

I will be working from my 18 years of self lead direct experience in defending our communities and individuals' Constitutional rights against the UN globalists. Because standing in the gap on God's behalf in defending the people is my passion, I will continue on in the same manner. I win against the Communists because I am extremely well educated on their history and how they have behaved in the past in nearly every nation they have tried to take over. They use Sun Tzu tactics from the book, "The Art of War." I have read that book and use those same tactics back against them and have won multiple times against them because of it.
 Sun Tzu says to first "Know your enemy." and as a UN expert, I definitely "Know my Enemy!" I know their tactics, their weaknesses, and their strengths. Because I know all of that, I am able to strategize and win against them!
 I am fearless. I run into the battle against them like David ran toward Goliath, and why? Because God says He gave us authority to trample serpents and scorpions and over all the power of the enemy, that they may in no way harm us. Therefore, so long as I am following the truth of God, the law of the Constitution, and a decent Sun Tzu strategy, I can't lose. Nor do I give up or compromise. I am tenacious as they come, and have zero reason to retreat against evil trying to take over our nation.
 As Christians, we cannot cower to any form of evil who's goal is stated by Karl Marx to be..."To dethrone God and destroy Capitalism." Did you know that Article IV Sect. 4 of the US Constitution states:
 Section 4. The United States shall guarantee to every State in this Union a Republican Form of Government, and shall protect each of them against Invasion; and on Application of the Legislature, or of the Executive (when the Legislature cannot be convened) against domestic Violence.
 My second book has that as one of it's foundations because that Constitutional law is the very backbone that will save this nation from the Communists/globalists/Deep State, as our Founding Fathers were quite BRILLIANT in writing it in the manner they did. They didn't have to try to imagine every for of governance that would be invented AFTER them, but instead simply GUARANTEED the only form of government that would serve the people from the ground up instead of the top down! It's BRILLIANT! It GUARANTEES a Republican form of government ONLY! So that makes Communism, Socialism, Fascism, Democracy, and Sharia Law ILLEGAL, and also makes each elected/appointed person in official positions to be breaking the law by representing ANY OTHER form of governance system other than what we have in our Constitutional Republic. So all these lawless Communists in government are violating their Oaths of Office as well as Art.IV Sect.4!
 I will run my Congressional Bill, and MANY others to save America.

What does success look like for this position and what key performance indicators should voters use to evaluate you?

First of all, this nation is currently in an existential threat like we have never seen before in our history!! Communist sympathizers hold our highest offices, our elections are stolen and primarily fraudulent and have been since the year 2000, our border is wide open and invaders are being paid by the United Nations to flood into this country as fast as humanly possible, and because our border is wide open, the horror of child trafficking and child butchery has turned this nation into the number one cesspool for child trafficking!

If you are a Christian, you must know that this nation is just about to be judged by God for the tremendous sins that have reached up to heaven by now! In history, the typical tie breaker in just about every war, is the aggressor who is willing to kill children and babies is the winner because that is the "lowest of the low" and will cause that nation to surrender..just save the innocent life and civilians at whatever cost!!"

Well, we have that right now in our nation, yet nobody has stopped it. Nobody has come to the defense of the most innocent in this nation. That horror alone is a nation destroyer, and no person alive, in any good conscience, can know about it happening, do nothing about it, and look the other way and think we as a nation will still be ok!

So while yes, I support the ENTIRE WA State Republican Platform- even helped write some of it- those are standard issues and will be addressed in priority, once we as a nation have returned to "One Nation under God," banned Electronic Voting Machines and mail-in ballots nationwide, secured our borders, and STOPPED CHILD TRAFFICKING! Those 4 issues are the top priority for ANY NATION to exist! Then the next issues that are also existential threats that must be corrected are; removing all the illegal invaders that have flooded into this nation, and blocking everything to do with our greatest enemies of China and Iran.

So, success in this position, to me looks like first...being able to identify the biggest threats to this nation before they overtake us and destroy the USA forever, and then acting very aggressively and quickly to facilitate stopping those biggest threats to our nation ASAP!!

At this point, anyone that is just a "nice person" or a "career politician looking for a pay raise" that might get into this position, COULD very well be the weak link that causes us to lose the greatest nation on earth to our VERY AGGRESSIVE enemies.

A voter SHOULD look for the person who brings the offense and leads strategically, and will use the power of the purse that Congress has to fund or defund areas that must be used to make sure we gain the upper hand immediately! Time is of the essence this go around. This is a "do or die" situation. Voters need ME, the seasoned Communist fighter THAT WINS!

What community activities are you engaged in? Have you held leadership roles in any of these organizations?

Your Political Beliefs

This section contains a series of questions about your alignment concerning broad governmental philosophies as well as some specific issues.

Where do our rights as citizens of the United States come from? Under what conditions can government infringe or suspend them?

As one of the leaders of the Constitution Drafting Committee for Liberty State, I know that our rights as citizens come from God, not man! Under no conditions can our rights be infringed upon or suspended, which precisely why every elected and appointed official is required by law to declare and file their Oath of Office, which states that will uphold and defend the Constitution..."So help me God."

I'm unwavering in that commitment to the Constitution, as it is responsible for our freedom and prosperity that no other nation has been able to duplicate! It is a phenomenal and BRILLIANT document to be upheld and honored.

Do you consider yourself a constitutional originalist or do you prescribe to it as a living document? Please explain.

I am definitely a constitutional originalist to the nth degree. I am absolutely against amending the Constitution in any way, and am also strongly against the idea of holding any Con Cons...ever, and would always vote against any such action.

What is the purpose of government? If elected, how will you perform your duties based on that "purpose?"

The purpose of government is to defend and uphold the rights of the LEGAL citizens of the USA, and to provide safety against foreign and domestic threats and securing our borders from any type of invasion. Government is to remain limited and restricted, responding attentively to the will of "We the People" whom elected and appointed officials are servant to. Our government is called "Government" because it is lead from the ground up, not from the top down, as we see in "Governance" structures.

We are a Constitutional Republic BY LAW, guaranteed as such and only such by Art. IV Sect.4, which is one of the foundations of my second book, "4-4-4" that is a solution to our current Communist attempted takeover.

Art.IV Sect.4 will remain in the forefront of this nation for the next few years, as the saving grace provided in our Constitution that will be THE determining factor of restoration under God and under our laws! Mark my words. It is THE pivotal Constitutional law that will save this Republic from the current lawless regime. I will be servant to my constituents and through the confines of the Constitution as outlined. One of those duties given to a Congressman is the "power of the purse" which is used to determine who gets funding and who does not.

Because of the current existential threat to our Republic via the wide open borders and rampant election fraud, I would be looking to use my vote to allow for the funding to complete our border wall, increase funding to border patrol, make a large sum of funds available for President Trump to facilitate the full expulsion of every illegal invader that has poured across our illegally wide open border, make funds available to facilitate the stopping of all child/human trafficking, and to set up a department to locate all the 85,000+ children that have entered this nation and gone missing within our federally backed programs. I would also want to vote to defund unconstitutional department heads that are refusing to follow the law

of our Constitution. I would vote to defund all climate hoax related expenditures and programs. I would also vote to defund regulations and agencies that would prevent the USA from drilling our own oil. I would vote in favor of funding oil refineries to be built asap across America.

I would vote to fund any department that would be taking a vigil to block all things CCP and Iranian. Last year, I wrote a Congressional Bill that would Ban Electronic Voting Machines(EVMs) Nationwide, stop child trafficking, and secure our border. I pushed that Bill to our international listening audience from our Morning Commute radio show. Over 900 people printed that Bill and sent copies to the Congressmen. My Bill is correct in content, as exemplified by Argentina, who got rid of all their EVMs, then Javier Milei, the people's choice, was elected. He then immediately moved to stop child trafficking once elected. So my Bill was proven.

When does life begin and at what point does the government have a duty to protect it?

Life begins at conception and therefore, government, which represents and upholds out laws must protect it, regardless of what stage of development it is in. Life is life-period! I am, without a doubt, very pro-life!

Do you have any criminal convictions, ever filed for bankruptcy, have any active or unresolved tax liens, any conflicts of interest that may jeopardize your candidacy?

No. ;)

Describe how you will make yourself available to your constituents and vote as their representative, adhering to the values and answers you've provided in this questionnaire.

First of all, I LOVE people! As a Christian, a leader is described by our King of Kings, Jesus Christ, as being the servant to the people. In fact, I am working on my third book about that subject! It is called "Upon His Shoulders."

A selfless servant to the people answers emails, takes phone calls, makes time to meet with constituents and groups both at home and in DC in order to remain current as to their needs and requests.

A servant to the people is a HARD WORKER that does what has to be done boldly, to protect and defend their Constitutional rights, and must be the person to stand in the gap on behalf of the people to make sure to protect and defend them, their families, their property, their individual rights, and their businesses.

Please provide any feedback, comments, or questions that you have for the SCRCC.

I would like to request a few public debates for all the Congress candidates, and that they be held on a week night, M-Thursday, and that the debates be covered by the local media.
