WELCOME

South Shore Joint Initiative
Annual General Meeting
May 8, 2025

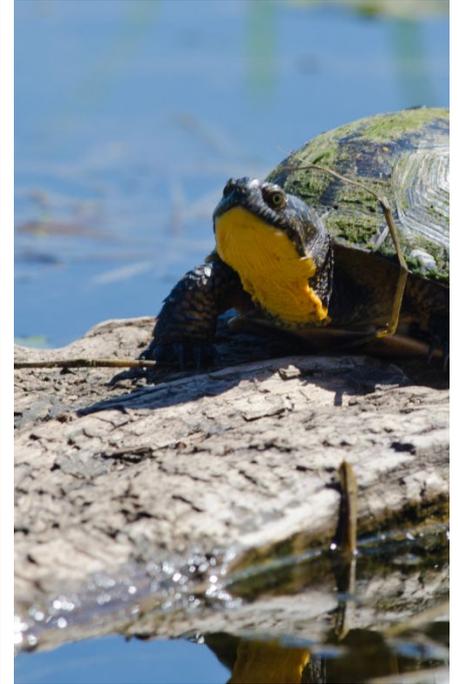

Land Acknowledgement

For thousands of years, the land of Prince Edward County has been the traditional territory and home of Indigenous peoples. We acknowledge that the South Shore lies on the traditional lands of the Wendake-Nionwentsïo, Haudenosaunee and Mississauga Nations and that Indigenous peoples continue to live in Prince Edward County. We are dedicated to protecting, preserving and restoring this land for all future generations.

By-Law Amendment

To increase the possible number of members on the South Shore Joint initiative Board of Directors to fifteen.

Nominating Committee report:

For the Annual meeting Thursday May 8, 2025, At 7:00 PM

While the term of office of the members of the board is two years, our by-laws stipulate that ½ of the members of the board come up for election each year at the annual meeting. This year we are welcoming four new members to our board. It means that our percentage of board members up for election is slightly skewed; however, this will be rectified in the coming years.

For the 2025 - 2026 fiscal year the positions filled by John Hirsch, Geoff Craig, Barbara Tomlin, Steve Burr, Darren Goldstein, Luke Ridgway & Matthew Christie are up for election.

Position	Person	2024	2025
Past President	John Hirsch		2 years
President	Cheryl Anderson	2 years	
Vice president	Gurpreet Patheja	2 years	
Secretary	Darren Goldstein		2 years
Treasurer	Barbara Tomlin		2 years
Director	Steve Burr		2 years
Director	Amy Bodman	2 years	
Director	Geoff Craig		2 years
Director	John Foster	2 years	
Director	Luke Ridgway		2 years
Director	Matthew Christie		2 years

Thank You John Lowry

John joined the board as leader of the Protecting Biodiversity specific initiative. He collected information and documents and organized them into fact sheets about geography, soil science, climate, hydrology and protected areas of the South Shore. John created the Biodiversity of Prince Edward County's South Shore on iNaturalist.

A wildflower enthusiast John has led out spring Wildflower Walk for the last three years and designed and provided all the photos for the Wildflower brochure. He has also been instrumental in beginning the Monarch Roost project. John initiated the South Shore Clean Up and enthusiastically dug in to carry big bags of collected waste in his truck. We will miss John on the board; but are happy he will continue to be involved in SSJI activities.

GUEST SPEAKER LUKE RIDGWAY

**Accelerating Conservation in Ontario:
Exploring New Tools and Opportunities**

Luke is currently the Conservation Manager at The Ontario Conservation Accelerator (OCA).

He has professional experience in public, private, and non-profit sectors. With an educational background in GIS, remote sensing, and restoration ecology, Luke has held positions related to environmental regulation and policy, private consulting with indigenous communities, and most recently, served as The Nature Conservancy of Canada's Large Landscape Program Coordinator before joining the OCA.

He also served on the board of directors of the Wild Bird Trust of BC and owns a canoe rental business in Peterborough, where he remains active in the sustainable outdoor tourism space. As an avid camper, Luke spends as much time as he can in the field both to study and appreciate the natural environment and help others connect with the outdoors.
