

Public First Poll for the Independent Schools Council

Fieldwork: 22nd Mar - 27th Mar 2023
Interview method: Online Survey
Population represented: UK Adults
Sample size: 1008

Methodology:

All results are weighted using Iterative Proportional Fitting, or 'Raking'. The results are weighted by interlocking age & gender, region and social grade to Nationally Representative Proportions

Public First is a member of the BPC and abides by its rules. For more information please contact the Public First Polling Team (polling@publicfirst.co.uk)

List of Tables

1	Do you have a private (independent) school in your local area?By your local area, we mean roughly within a twenty-minute drive from your house.	3
2	Do you think parents in the UK should be able to choose to pay for their children’s education if they can afford it?	6
3	On a scale of 1-10, where 1 is not important at all and 10 is very important, how important is it to you that parents in the UK have the right to choose to pay for their children’s education if they can afford it?	9
4	Now thinking of yourself, if you could afford it, would you send your child to a private school?If you don’t have children, please answer as if you did and you could afford it	12
5	Would you support or oppose the use of government funds to enable children from lower income families to attend private schools?	15
6	Overall, do you think private schools in the UK have a positive or negative impact?	18
7	Overall, do you think private schools in your local area have a positive or negative impact?	21
8	Which, if any, of the following would you say are important ways in which private schools can have a positive impact on the education of all young people the UK?Please choose all that you think are important	24
9	Rank Summary: And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom (Ordered Left to Right by Rank)	27
10	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Offer bursaries to enable children from lower income families to go to private schools	28
11	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Sharing sporting facilities and holding joint sporting events with pupils from state schools	31
12	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Sharing teaching staff for certain subjects with state schools	34
13	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Teaching A Level subjects to pupils from all schools, which otherwise would not run because of small numbers of students – such as Further Maths, Classics, or some modern foreign languages	37
14	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Supporting students from state-funded schools applying to universities	40
15	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Sharing other facilities, such as drama, art and music facilities, with local state schools and the local community	43
16	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Helping run low performing state schools – for example through managing the school directly, or providing Governors for the Governing Body	46
17	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Providing catch up tutoring and teaching for children who are struggling in particular subjects	49
18	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Sponsoring and paying for local community facilities, such as a local library, swimming pool, or theatre	52
19	And of all the ones you just suggested, please rank them in order of importance.Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Keeping fees low so as many parents as possible can afford to send children there	55

20	And of all the ones you just suggested, please rank them in order of importance. Please drag the most important positive contribution to the top and the least important positive contribution to the bottom : Helping train new teachers for state schools and providing ongoing training for existing teachers in state schools	58
21	Do you believe that academic standards in state schools in the UK are higher, lower or about the same as in private schools in the UK?	61
22	Do you agree or disagree with the following statement? "People like me send their children to independent schools"	64
23	Do you agree or disagree with the following statement? "People I know send their children to independent schools"	67
24	Private schools provide education to children and young people within the UK. This is currently recognised in UK law as a 'public benefit'. Organisations providing a public benefit, such as private schools, are entitled to various forms of tax relief, or what are sometimes called 'tax breaks' – mostly around not having to charge VAT on school fees. Should private schools in the UK be entitled to tax relief, or tax breaks?	70

(1.A) Do you have a private (independent) school in your local area?By your local area, we mean roughly within a twenty-minute drive from your house.

(24.A) Private schools provide education to children and young people within the UK. This is currently recognised in UK law as a ‘public benefit’. Organisations providing a public benefit, such as private schools, are entitled to various forms of tax relief, or what are sometimes called ‘tax breaks’ – mostly around not having to charge VAT on school fees. Should private schools in the UK be entitled to tax relief, or tax breaks?
