

Metro Poll on Political Leaders

Fieldwork: 2nd December – 6th December 2019

Interview method: Online survey

Population represented: UK adults

Sample size: 1000

Methodology:

All results are weighted using Iterative Proportional Fitting, or 'Raking'. The results are weighted by age, gender, region, Social Grade, 2017 General Election vote and 2016 EU Referendum vote. Target proportions are derived from census data and election results.
