WHAT IF?

**THE POWER OF TWO
WORDS**

Join with us to watch this film inviting us to consider two words – What If? Showcasing inspiring community actions across the world, creating a more hopeful future.

Followed by soup and discussion.

Every change begins with two words: "What if...?" What if there were another way to produce our food? What if there were another way to design our cities, to heat and cool our homes...and combat climate change?

Presented by Rob Hopkins, Environmental activist, founder of the Transition Towns movement and author of How to Fall in Love with the Future.
