## ATTENTION UPS MEMBERSHIP

February 11, 2019

Brothers and Sisters:

We are being instructed by the IBT to vote on a second "offer" for the Western Pa. UPS Supplement. This "offer" is far less superior than the first tentative agreement that the Western Pa. Supplemental Negotiating Committee put before you that was rejected. You would be foolish to accept this one after rejecting the last one. Is the International hoping for less than a 50% turnout? Or is UPS trying to punish you for rejecting the last offer? Don't let this happen. **You need to participate in this vote. This is a different process and needs everyone to be involved.**

## **REJECT THIS OFFER. VOTE NO.**

Don't let this get ratified because less than 50% of the membership participated in the voting process. Spread the word and get everyone you know to vote. This is your livelihood. A 100% participation all rejecting this "offer" is highly recommended. Let us be heard. **Rejecting this offer has nothing to do with retroactivity or back pay. Voting instructions are to be mailed out on February 19<sup>th</sup>.**

In Unity,

  
Jim Ziska
