Student Matinee Policy

Bienvenidos to Teatro Visión's student matinees!

We hope your students will enjoy their experience attending the live performance at the theater.

We have a few guidelines we'd like to share with you:

- Please arrive by 10:30am.
- **We require one adult per 10 students for supervision.** Please include the number of adults to be added to the number of tickets you need to reserve.
- School chaperones will need to supervise students who leave their seats during the performance.
- No backpacks or cell phones are allowed inside the theater, with the exception of chaperones.
- Food and drinks are prohibited inside the theater.
- There will be a 10 minute intermission for a restroom break. Please send an adult or two to supervise the students as they leave to use the restrooms inside the theater and come back to their seats.
- We will not be handing out physical programs to the students. We will share a digital program and study guide with you ahead of the performance, which students are welcome to look at before or after the show.

Thank you so much for bringing your students to join us at Teatro Visión and please enjoy the show with your students.

If you need more information or have any questions, please contact our Managing Director:
