Artwork Specifications

Templates above are at 10% scale.
Supply your files in pdf, ai or eps formats with all vectors preserved.

DO NOT SUPPLY BITMAP IMAGES such as JPEG GIF, BMP, PNG or TIFF unless it is a photograph.
Ensure all images are embedded.

Convert fonts to paths or outlines.

Supply raster images at 150dpi or above at 100% of your print size.

Please supply Pantone colours where available in your document. We also accept physical colour samples for colour matching.

Beware that colours may vary for CMYK supplied artwork.

If you need any help or advice on setting up your files, do not hesitate to contact our Design Studio for a chat on 0508 352 462

- Black line = Finished flag size
- Blue Area = Bleed
