

Petition to the Legislative Assembly of Ontario:

WHEREAS Hybrid work has been shown to support productivity and aid in the recruitment and retention of staff; and

WHEREAS Hybrid work supports a modern, high-performing workforce and advances equity, accessibility, and inclusion; and

WHEREAS The Government of Ontario has issued arbitrary return-to-office mandates, in some cases overriding hybrid work provisions secured through freely negotiated collective agreements;

We the undersigned petition the Legislative Assembly of Ontario to:

Protect and embed hybrid work as a permanent, recognized working condition, push back against arbitrary return-to-office directives, promote fairness and consistency across workplaces, and defend rights secured through collective bargaining.

[illegible]
