

NEVER HAVE I EVER...

City Elections Edition

In our movement, we fight for the **whole worker**. That means advocating for issues in the workplace, but also where we live, work, and play. Municipal elections are one opportunity to engage in **political bargaining**. Use this activity to start meaningful conversations in your union, your workplace, and at your dinner table about issues that will guide your **choices at the ballot box** this fall. Our City Hall has grappled with each of these issues over the last four years.

Read our Toronto Council report card on pages 4-6 to see which councillors have your back. Visit labourcouncil.ca/municipal2022 for ongoing updates.
