"On October 22 I will be joining hundreds of people to walk, ride or use transit in Sustain Charlotte's annual Biketoberfest. Please come along side me on the route by joining my team, Bike Freely, or consider supporting my participation by making a donation.

I support Sustain Charlotte because they inspire choices that lead to a healthy, equitable, and vibrant community for generations to come.

Help us raise money for Sustain Charlotte by donating today!"

Set up your fundraising page and share the news!

- Once registered, sign into Race Roster: raceroster.com
- Below the profile image on the right-hand side, click on "Your team page," then 'Edit fundraising page."
- Enter your fundraising goal, write a personal message (like the one above), upload a photo, and **tell us why you support Sustain Charlotte!**
- Be sure to scroll down and click "Save updated fundraising information."
- Click the "Share Page" button on the righthand side to view your **custom team URL** and share with friends and family!

Step 2 -Share to care!

What's the best way to share?

The success of your fundraising campaign will be driven by how you share the invitation to participate with friends, family and colleagues. Social media, email, text messaging, and word of mouth are some of the best ways to get your request noticed.

Tip: Get personal by inviting a select group of your closest family and friends to announce your fundraising campaign. Having a core group of support early on demonstrates that your cause is valid and valued and will encourage others to join your efforts.

When is the best time to share?

We want to make this SUPER simple for you, so we will be sending you fundraising tips and reminders throughout the campaign. You can choose to follow along with our prompts, or go above and beyond and show us how it's done!

In the meantime, we've included pre-written communications for you to use over the next month or so to make fundraising EASY! **Copy, paste, and start fundraising!**
