

Pesach Matza Mystery!

Welcome, intrepid explorer of ancient Egypt. You have been selected for a mission only the bravest may undertake - discovering who has hid the afikoman, and where it can be found. The afikoman, a small piece of matzah usually hidden during the Pesach seder, is nowhere to be seen! Follow these clues to eliminate suspects and objects. By the end of your quest, you will find who has hidden the afikoman, and where it can be found.

1. Begin your quest at Kings Cross station. The platform where a magical journey begins leads to the elimination of your first suspect.
2. Leave the station through the doors behind you. Swing your way to the German Gymnasium. Here you will find your second royal suspect.
3. Turn 90° clockwise and use the map to direct you to granary square.
4. Along the way, notice the adverts around you. Surround yourself with tranquility to cross off your first hiding place.
5. Have a rest opposite UAL. Look down to find who's hanging out with Oswestry and Suprabloc. This is your next suspect eliminated.
6. Walk towards Coal Drops Yard. To the right of the lift, you will find your next suspect peeking through the window. Be careful, they bite!
7. Turn right and enter Coal Drops Yard. Continue straight until you reach the land of spirits. See which object can be found here on Tuesdays.
8. Turn left and cross the road. Go down the stairs between Cos and Nla. If you reach the gasholders, you have gone too far! (There are lifts available for those who need it).

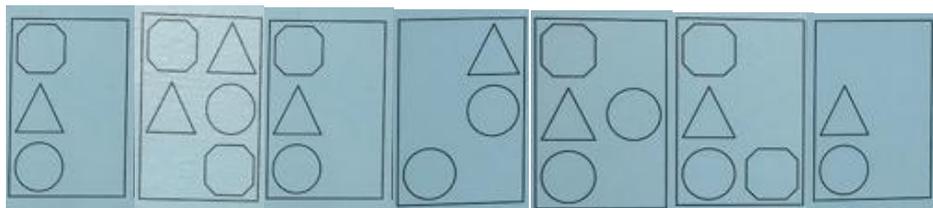

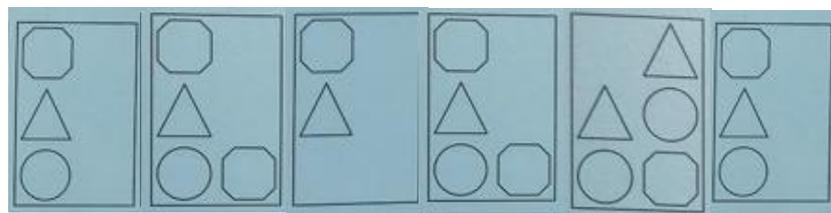

9. As you walk, look to your right for your next suspect.
You might find him in multicoloured footwear!

10. Between S120 and Le Chocolat, you can discover the history of Coal Drops Yard. Like the Jews in Egypt, aim for Freedom! The year of Freedom is the key to your next hiding place.

11. Go through the tunnel to the canal. Turn left and take a leisurely stroll by the water. After the red bridge, look down to find your next suspect. They might be near the pyramids.

12. Continue along the canal until you reach the map of regents canal. Take a closer look at the map. One of the hiding places might split the Regent's sea!

13. Go up the ramp and use these images to decode the name of your next eliminated Afikoman hider.

14. Walk past the bike racks and enter the covered service yard. Walk through it, and cross the road at the end to meet Alejandro! He is related to one of the people at the Seder table.

15. Turn left, and walk past a smiling Italian. The next chametz shop you find is owned by another innocent suspect.

16. Continue straight to the end of the path. Before you Reach One Canal, you will find the perfect object size for your new Pesach restaurant. You may cross off the final hiding place.

17. Veer left around the circular garden, and follow the pillars to your final porte of call. The last suspect might remind you of the 9th plague!

Congratulations! You have discovered who hid the afikoman, and where it can be found. Scroll down to reveal the answers, and please call UJS to let us know your results!
