These vehicles are made in Canada or the United States by members of Unifor or the UAW. Because of the integration of vehicle production in both countries, vehicles listed as made in in the United States include significant Unifor-made content and support the jobs of Unifor members. Both Unifor and the UAW support the purchase of union-made vehicles from either country.

Vehicles marked with an asterisk (*) are also produced in Mexico.

When purchasing a vehicle marked with an asterisk check the Vehicle Identification Number (VIN) - a "2" identifies a Canadian-made vehicle. A "1", "4" or "5" identifies as U.S. Made. The number "3" identifies a vehicle that is made in Mexico.

Vehicles that are not listed, even if produced in Canada or the United States, are not union made.
