Re: WIMDOI CONFERENCE 2015 - 4-6 May at Unions NSW

Dear Colleagues,

This year marks the 20th anniversary of the Women In Male Dominated Occupations and Industries (WIMDOI).

The 2015 WIMDOI Conference will be held from 4-6 May at Unions NSW. The 3 day conference is aimed at organising and supporting women activists in male dominated workplaces. It provides a unique opportunity for women in these industries and occupations to hone their organising skills, develop tools and strategies to support and protect women and celebrate their achievements.

The ACTU encourages affiliates to support this important event by sponsoring women to participate in the conference and promoting the event across their membership.

The cost of the conference is \$195 per person. Information about the program and key note speakers is available on the registration website. [Click here for Event Summary](#) or [Yes](#) to register!

If you require additional information please contact ACTU Industrial Officer Erin McCoy, emccoy@actu.org.au.

Yours sincerely,

Ged Kearney
President
