

Payday donations

For the price of one cup of coffee each payday,
we can help you change the world

By regularly making small tax-deductable donations, you can help us support charities who are providing grass-roots care in your local community.

About us

We are the catalyst between individual donors, businesses and their communities. We work alongside charities to provide resources, volunteering time and donations to help them meet the needs they see on a daily basis.

Who we support

Our recognised charities are resilient and provide a wide variety of outstanding services within their community. We ensure they meet high standards through an annual accreditation process. We support these charities because they often do not have the resources to fundraise for all of their necessary services. We help them grow so they can continue to help their community.

We would love you to join us. Find out more at https://www.catalytic.org.nz/workplace_giving.

Payday donation - authority to deduct from pay
