

UNITE LA

Education Innovation Through Collaboration

Explore. Train. Succeed.

Unlock Your Future with UNITE-LA!

College Access & Preparation | Career Exploration
Training | Job Placement

UNITE-LA connects L.A.'s youth and young adults, ages 16-35, to free college and career programs that prepare them for postsecondary success and high-demand jobs in cleantech, tech and health care.

Our Programs

Career Pathways

Young adults gain hands-on experience, certifications and mentorship through paid, work-based learning in high-growth industries like cleantech, health care and tech—preparing them for careers with job placement support and professional development.

Cleantech Pathways

Los Angeles Regional Cleantech Career Academy

The Academy is a hybrid, paid work-based learning program designed to launch careers in the clean energy sector and is offered during the spring and fall.

Health Care Pathways

My Pathway to Health

A paid, three-part career pathway program, My Pathway to Health connects opportunity young adults to exploration, training and careers in allied health. The program launches in the summer.

Tech Pathways

Step into Tech

A paid, two-part, virtual work-based learning opportunity connecting justice-involved and -impacted individuals to careers in tech. Program offered during spring, summer and fall.

Tech Pathways Academy

A dual-enrollment, work-based learning program introducing high school students to the tech industry. Program offered during spring and fall.

UNITE LA

Education Innovation Through Collaboration

"All these years, doors were closed because of my lack of experience, and I was floundering ... I'm so happy I chanced upon this opportunity [UNITE-LA STEAM Career Pathway Program] because it finally feels like I'm making progress."

- UNITE-LA STEAM Career Pathway program graduate

College Access & L.A. Cash for College

UNITE-LA supports schools, districts and community partners with college access and preparation initiatives, and offers targeted educator trainings. L.A. Cash for College provides scholarships and hands-on guidance through the financial aid process.

Work-Readiness Certification

UNITE-LA's work-readiness sessions prepare youth for real-world work through job-skills workshops, mock interviews and career exploration opportunities. Participants can earn a Work-Readiness Certificate, demonstrating to employers their preparation for employment.

Career Fairs

UNITE-LA Career Fairs connect youth to in-demand careers in cleantech, health care and tech!

Job & Internship Opportunities

UNITE-LA works with employer partners in cleantech, health care and tech to provide job and internship opportunities to participants.
