

# Fostering Change Community Organizers Teach-In

Do you want better, more adequate support?  
Do you want to challenge decision-makers and  
demand better programs and services? No one  
should age out alone.

Will you advocate alongside us?

**August 21 @ 5-8 PM**

We're going to Victoria in October to share stories and demand solutions. To keep the youth in care community in the loop, we're holding an **Idle No More style Teach In** to learn more about rights, advocacy, and how we can exercise our democratic right for justice.
