

# GRAND AGENDA FOR GROUNDWATER ACTION

MUNICIPAL  
ELECTIONS  
OCT 22  
2018

## Ask your Guelph candidates to protect our groundwater by supporting these **URGENT ACTIONS**

Support a Council resolution to oppose the renewal of Nestlé's permit to take water in Aberfoyle

Fulfill the commitment to establish the Hanlon Creek Conservancy and Nature Reserve and not consider any sale of possible surplus lands until the Nature Reserve is fully established and functioning

Support a Council resolution to include public lands of Guelph's urban river corridor in an expanded Bluebelt

End aggregate extraction at the Dolime quarry, and ensure the highest quality mitigation of the aquitard breach and of other damage already done, with expenses covered by the quarry's owner rather than Guelph ratepayers

Ensure the sensitive development of Clair-Maltby

- Set population density at a maximum of 12,050
- Protect the natural water recharge functions
- Provide a full range and maximum size of parks as suggested by the *Official Plan - Urban Squares, Neighbourhood, Community and Regional Parks*
- Focus on low-carbon transportation infrastructure to all amenities and residences
- Restore, protect and maintain the integrity of the Natural Heritage System in the area including the tree canopy and the moraine topography
- Protect the heritage buildings and landscapes identified in the area
- Organize a city-wide consultation that includes all groups and organizations that are involved in city building
- Obtain free, prior and informed consent from the Mississaugas of the New Credit First Nation, as per the *United Nations Declaration on the Rights of Indigenous Peoples* before initiating Phase 3 development activities for Clair-Maltby
