

# WOMEN'S PLEDGE

Ensure your politicians are committed to women this election! ✨

## 1 Women's Safety

**Commit to keeping women's spaces exclusively for women.**

Men who identify as women are accessing female-only spaces like bathrooms, refuges and prisons.

## 2 Women's Sport

**Commit to keeping women's sports exclusively for women.**

Men competing in women's sport is jeopardising fairness and safety for women and girls.

## 3 Freedom of Speech

**Commit to protecting anyone who challenges gender ideology.**

Defending the biological definition of woman and female-only spaces can lead to vilification, legal action and other retribution.

## 4 Data Collection

**Commit to honest, sex-based data collection across NSW.**

Prevent men being recorded as women and skewing key reporting on health, crime and employment.
