Lawn Conversion Rebates

Landscape Rebate Program

This program is designed to encourage residents and businesses to convert approved high-water use landscape, such as lawns and pools, to low-water use landscape, as well as to retrofit existing irrigation equipment with approved high-efficiency irrigation equipment.

You may qualify for rebates valued up to:

- **\$3,000*** for residential sites
 - **\$100,000*** for commercial/multi-family sites (5 or more units)
- *Maximum rebates may be even higher in some cost sharing areas

Current program funding lasts until June 30, 2026 or until depleted. Applications will be accepted and evaluated on an ongoing basis in the order received as long as funds remain available.

Rebate Type	Single Family/Small Multi-family (4 or fewer units)	Commercial, Industrial, Institutional, and large Multi-family (5 or more units)
Landscape Conversion	\$2.00 per square foot	\$2.00 per square foot

Rain Garden Rebate - \$300

HOAs - Be Compliant With AB 1572 By Jan 1, 2029

The use of potable water for the irrigation of **nonfunctional turf** located on commercial, industrial, and institutional properties, other than a cemetery, and on properties of homeowners' associations, common interest developments, and community service organizations or similar entities is prohibited as of the following dates:

(3) All other **institutional properties** and all commercial and industrial properties, beginning **January 1, 2029**.

(4) **All common areas of properties of homeowners' associations**, common interest developments, and community service organizations or similar entities, **beginning January 1, 2029**.
