Your membership and donations will help support [National Night Out](#) on Tuesday, August 2, 2022 from 5:30 to 7:30pm at Bramhall Park. We are so excited to host this event as it will be the first one in three years that WGNA hosts!

NNO is a National event that strives to bring the community together with the police department as well as our local representatives. Join us for lots of Family Fun, Music, Ice Cream, Games! WG Cornhole will be there!

### **IMPORTANT ISSUES AFFECTING WG**

**Redistricting:** This past year there was a proposal to divide Willow Glen into three council districts. Due to the advocacy from Willow Glen residents organized by WGNA this drastic proposal was eliminated.

**SB9:** Later this year the city will revisit SB9 and potentially expand the number of units that could replace a single family house. Today, for lots larger than 2400 sqft there can now be four newly constructed units instead of one house. Important to note there are no community meetings, public hearings or appeal process allowed per SB9. In addition, any parcel within a half mile from a bus route is exempt from providing parking (no garage or driveway required.) The City Council will consider allowing up to eight units to replace a single family house by the end of this year.

**SB10:** SB10 unlike SB9 is an opt-in law by each city. SB10 would allow a single family house parcel to have ten units if it is within a half mile of a bus route. SB10 can be adopted on any given Tuesday council meeting.

**Replacing Gas Appliances with Electric:** The City will also be considering restrictions on gas appliances for existing homes that could potentially mandate all household gas appliances be replaced with electric appliances at the cost of the homeowner. For many this would require upgrading the electrical panel. WGNA is concerned about mandates which would force the scrapping of existing functioning gas appliances and likely require upgrading existing, functional electric panels. This would be burdensome on neighbors and especially for fixed income seniors. Look for more news early next year.

**Parking:** The City of San Jose City Council recently voted to move forward a proposal that would eliminate parking requirements citywide for new developments. This will come back to the City Council in the fall for a final vote.

If you find these issues pertinent to your block and neighborhood please consider [joining WGNA](#) with an [annual membership](#).
