Fighting for the schools DC's community deserves

1239 Pennsylvania Ave SE • Washington, DC 20003 • 202.517.1477 • www.wtulocal6.net

Dear WTU Retiree:

We are grateful for your continued dedication to the WTU, students and schools. The right to a public education that is free and fair for all students is in peril. With the District of Columbia acting as a political football for those in power, we know that we are the first line of defense for not only our students and families we serve, but the nation at large against a fascist takeover. We will be counting on our retirees to help us in this fight as we organize to protect our schools, families and the District as a whole.

As the newly elected President, it is my job to help us utilize the resources we have to strategically position ourselves to best fight this fight. We have introduced changes to how the WTU operates by granting more power to our WTU Executive Board over financial decisions as well as providing greater transparency over how that money is spent. As we get a handle on our finances, we are becoming far more austere and critical with how we spend money as we prepare for the fight to come. Practices that were once considered normal are being reevaluated as we seek to greater align our spending to our values.

In that regard, we are also moving to have calls scheduled with our staff in advance so that they can prepare and best utilize your time together, as well as ensure they are carrying out the greater functions within the office uninterrupted.

If you have any questions, please contact Donita Jackson at benefits@wtulocal6.net or use the following link to schedule a 1-1 call: <https://bit.ly/wturetiree>

Our union wants to ensure that our retirees continue to be a valued and integral part of our union as we build community, organize and fight back against the attacks on our schools, District and nation. We are committed to listening and transparently communicating our decisions so that there is no uncertainty with how we are moving forward.

Thank you for your continued support!
In Solidarity,
Laura Fuchs
President, Washington Teachers' Union

B.1 DENTAL PLAN SUMMARY

You have a choice between two dental plans, the comprehensive In-Network Only or a PPO Plan. The choice is up to you, but once you are enrolled, there can be no changes until the following year. The INO Plan has a richer benefit but there is absolutely NO OUT OF NETWORK benefit. If your provider is NOT in the network (you can check by calling your provider or go to www.myuhc.com for a list of In Network providers available) then you should consider the PPO Plan with a smaller out of network benefit.

In-Network Only Plan

This is our most popular plan as it offers comprehensive coverage with a greater annual maximum and no deductible. Members of this plan have access to more than 2,000 regional providers and more than 180,000 national providers. You must receive services from providers who accept this In-Network plan, to receive coverage for procedures.

PPO Plan

This Plan gives you access to a vast national network of PPO providers (same as the INO Plan) Members of this plan have the flexibility of receiving coverage from Out-of-Network providers, but there is a deductible and less of an annual maximum. This plan pays Out of Network benefits that are deemed Reasonable and Customary (R&C). Any amounts over the R&C will be your responsibility.

* Your dental plan provides that where two or more professionally acceptable dental treatments for a dental condition exist, your plan bases reimbursement on the least costly treatment alternative. If you and your dentist have agreed on a treatment which is more costly than the treatment on which the plan benefit is based, you will be responsible for the difference between the fee for service rendered and the fee covered by the plan. In addition, a pre-treatment estimate is recommended for any service estimated to cost over \$500; please consult your dentist. ** The network enrollee copay will be the lesser of the copay shown above and the discounted fee negotiated with the provider.

*** The non-network orthodontic percentage of benefits is based on the usual and customary charges prevailing in the geographic area in which the expenses are incurred. The non-network palliative treatment percentage is based on the allowable amount applicable for the same service that would have been rendered by a network provider.

The Prenatal Dental Care and Oral Cancer Screening programs are covered under this plan. The material contained in the above table is for informational purposes only and is not an offer of coverage. Please note that the above table provides only a brief, general description of coverage and does not constitute a contract. If differences exist between this Summary of Benefits and your Certificate of Coverage/benefits administrator, the Certificate/benefits administrator will govern. H. FREQUENTLY ASKED QUESTIONS

1. How do I Enroll?

Please refer to Page 10

2. What is an In-Network Only (INO) Dental Plan?

- An INO plan offers comprehensive coverage for dental care at cost-effective rates when you choose providers in the UHC national network
- In general, only In-Network services are covered in an INO plan
- www.myuhc.com is the website for In-Network Only provider look-up
- National options PPO20 is the network for BOTH Dental Plan choices
- No Out-of-Network benefits are available in this plan
- The INO has the following features:
 - No waiting periods
 - \$3,500 annual benefits maximum
 - Plan has no deductibles
 - Coinsurance plans help you know out of pocket costs up front
 - Orthodontics covered at 50% coinsurance, \$2000 maximum
 - No claim forms for In-Network services
 - Non-Network Emergency Palliative Care at In-Network rates

3. How does an INO plan design differ from the standard Preferred Provider Option (PPO) plan?

- The PPO plan is a traditional plan with copayments, coinsurance and deductibles. Members have access to a network of physicians and hospitals nationwide. The plan offers two levels of coverage – a higher level of benefits for In-Network services, and a lower level of benefits for non-network services with higher deductibles.
- Members may choose any health care professional or facility in the UHC network, including specialists, without a referral. Members can choose services outside the UHC network, which are normally at a higher coinsurance, and/or deductible level.
- The PPO has the following features:
 - The freedom to choose any doctor for health care needs.
 - It is the member's responsibility to obtain approvals for both network and non-Network services.
 - No referral to see a specialist
 - If a non-network physician is chosen, out-of-pocket costs may be higher, and it is the member's responsibility to obtain approvals and submit claims.

4. In summary how do the INO and PPO plans compare?

The standard INO and PPO plans share the following features:

- Coverage provided for comprehensive dental care
- Access to a broad, nationwide network of dental providers that have gone through a rigorous credentialing process
- No need to select a primary care dentist
- No referral for specialty care
- www.myuhc.com has a provider look up for members or you can call Customer Service to locate a provider near you – look for PPO20 network providers on the website.

5. Are there waiting periods for major services?

There are no waiting periods for major services.
