LICENSE TO PROTECT
Alabama's Youth from Tobacco
Even though it's illegal to sell tobacco products to anyone under 21, Alabama has limited capacity to enforce the law. In fact, 75% of kids who try to buy cigarettes and other tobacco products, like e-cigarettes and snuff, are not refused sale despite being under the legal sales age. As such, we're urging state lawmakers to support a comprehensive tobacco retail licensure policy to help effectively enforce tobacco laws and prevent youth access to harmful tobacco products.
